

Australian share exemption list

This factsheet provides the names of companies (excluding listed investment companies) that are considered to meet the exemption from the FIF (foreign investment fund) rules for the year ending 31 March 2016.

Companies are listed alphabetically by company name. Where a company has been added to, or removed from, one of the qualifying indices of the Australian stock exchange (ASX) in the year to 31 March 2016, a date is shown in the appropriate column.

Qualifying listed investment companies (LICs) are part of the FTSE AFSA Australia Listed Investment Companies (LIC) Index which is owned and operated by FTSE (Financial Times Stock Exchange). Because the LIC index is no longer in the public domain, we've removed LICs from this factsheet. You'll need to contact the investment company or the FTSE to confirm whether your investment is part of the LIC Index.
